

SEASHORE SOCCER LEAGUE GRIEVANCE FORM

This form may be used to provide feedback from coaches, parents, players, referees, and other personnel concerning issues with the Seashore Soccer League (SSL). It is not intended to be a “venting” form. We want more than just a complaint – we want to know what YOU think has led to the situation and what YOU think can be done to correct it. So, if you have a specific, legitimate issue that you feel must be addressed by the SSL Board of Directors, this is the document to use. The SSL no longer accepts emails as a forum for legitimate grievances.
